## **December Marks Michael L. Foster & Associates 10th Anniversary**

In December 1998 the firm Michael L. Foster & Associates, Inc., MLFA, was founded to provide planning and engineering services in Alaska.

A decade later, MLFA continues to offer these services in Eagle River while expanding to provide architectural, general contracting, and design/build capabilities.

“The quality of our work and responsiveness to our client needs have led to MLFA’s success,” said Michael Foster, MLFA founder. “As a result of this, over the last 10 years we have grown from a small engineering firm to a multi-company architectural/engineering and general contracting firm, heavy equipment leasing/rental company, specialized heavy haul trucking company, and commercial property company.”

2008 also marks the six year anniversary of Alaska Construction Equipment, Inc. in Wasilla, the five year anniversary of Northstar Trucking, Inc. in Wasilla, and the three year anniversary of Michael L. Foster Properties, LLC. All are owned and operated by Foster.

**2008 Denali High Adventure Boy Scout Camp pioneer road/bridge design/build.**
